## Fraction Strips #1 & #2 (Long Die)

Fraction Strip #1

Fraction Strip #2

Figure A

Fraction Strip #1

Fraction Strip #2

Figure B

The teacher will die-cut the materials for student use prior to the lesson.

1. Die cut Fraction Strips #2 out of tag board, Poly Foam, Fun Foam, vinyl place mats, cardstock or construction paper. Laminate the paper for longer usage (Figure A).
2. Label each fraction piece with its numeric value using adhesive numbers or hand print. (Figure B).

- Use with A10836 Fraction Strips #1 (sold separately).
